GREEN MARKET WEDNESDAY POLICIES & GUIDELINES

Green Market Wednesday Policies and Guidelines have been established as a response to a community cry for locally sourced products balanced with a duty to provide appropriate variety of nutritional items to an underserved community.

Definition:

Green Market Wednesdays are a heavily producer-based market with a mission of providing fresh, healthy food options mid-week in an area of the community that is considered a “Food Desert.”

Season Restrictions:

September through May – Producer HEAVY Market supplemented with Re-Sale Products, preferably from Virginia. Resale Farmers should be mindful to not duplicate products that are already provided by Producer Farmers. Products should be clearly marked with proper price signage in coordinating colors provided by the Lynchburg Community Market. Producers will be responsible for displaying signage that alerts patrons to their locally-grown commitment. Such signage will be made available by the Lynchburg Community Market.

June through August – Producer ONLY Market. Products should be clearly marked with proper price signage in BRIGHT GREEN as provided by the Lynchburg Community Market. Producers will be responsible for displaying signage that alerts patrons to their locally-grown commitment. Such signage will be made available by the Lynchburg Community Market.

Violation of Market Policies:

Violations of Green Market Wednesday Policies will be dealt with in accordance with the Lynchburg Community Market Handbook including verbal warnings, written notice, and record of offenses which could result termination of vendor agreement.

Clearly Defined Produce:

The Lynchburg Community Market is dedicated to providing every vendor with the necessary tools to effectively communicate to Market patrons. Currently, LCM Staff provides each farmer daily with colored paper signs on which prices and information is displayed.

COLOR DEFINITIONS –

GREEN: *Local Producer Products* –
Spray, Light Spray, or No Spray

PINK/MAGENTA: *Resale Products* – Virginia Grown

BLUE: *Resale Products* – USA Grown

Lynchburg Community Market is open to creating re-usable laminated signage for any farmer upon request. Laminated signs will not only reduce waste, but save time on daily vendor set-up. Any farmer using laminated signs will be responsible for maintaining and keeping their signs. Farmers with laminated signs will still need to request paper signage when offering products that deviate from their standard product.

When requesting laminated signs, please provide in writing the product name, price point, whether it is a producer product (Spray, Light Spray, No Spray) or resale, and where it has been grown. Please refer to the Re-Usable Farmer Sign Request sheet and allow 1-2 Weeks for signage to be created.

Lynchburg Community Market will also have available a Producer Pledge that alerts patrons to a farmer's locally-grown commitment. As previously stated, it is the responsibility of each Producer to communicate this message to their patrons and they are welcome to do so through signage that they personally provide.

I have read, understand, acknowledge and comply with the above information.
